

Option ? ability for customized interface rights (client-side)

Part-No. 013652

Option for the WINMAG/WINMAGplus basic license, allowing individual assignment of interfaces and rights to several operators.

This license may be ordered separately (as a subsequent optional update) only in conjunction with the auxiliary Part No. 013609. The update number of the basic license must be included when ordering. Please use order form on www.esser-systems.com.
