

WINMAGLite upgrade to WINMAGplus full version

Part-No. 013636

If the WINMAGLite system limits have been reached, an upgrade to the full version of WINMAGplus is possible, since both systems have access to the same database. WINMAG options are not part of the upgrade and must be ordered separately.

WINMAGplus options are not included in the upgraded version and must be ordered separately. Please use order form on www.esser-systems.com.
