WINMAGplus license - access control

Part-No. 013603

License option for WINMAG/WINMAGplus basic software. Required if access control system devices are to be connected to WINMAG (e.g. ACS 2 and ACS 8). MultiAccess and/or IQ MultiAccess software package is also required.

Features:

· Display states of Inputs / Outputs
· Locking readers
· Monitoring reader and controler states
· Unlock permanently / temporary doors
· Display persons in areas
· Time/Distance plausibility

This license may be ordered separately (as a subsequent optional update) only in conjunction with the auxiliary Part No. 013609. The update number of the basic license must be included when ordering. The license is used for the connection of the Honeywell ACS and (IQ) MultiAccess access control systems.
